

## **A House of Shapes**

(rhyme and pattern from Finger Tales by Joan Hilyer Phelps)

### **Contents:**

1 big red square

1 big black triangle

1 small green rectangle

4 small blue squares

1 tiny yellow circle

### **Rhyme:**

Some houses are wood,

And some are stone.

But let's build one

With shapes alone!

Start with a square,

(place square on flannel board)

But we won't stop.

Add a triangle

Up on top. (Place triangle for roof)

Then a rectangle

For the door. (Place rectangle on square)

Now square windows

1, 2, 3, 4! (Place four squares for windows)

A little circle

Just for fun. (Place circle for doorknob)

Now our shape house

Is all done!
